THYROXINE BINDING GLOBULIN (TBG)

Catalogue Number: A1245 Lot Number: Lot Specific

Source: Human serum or plasma Perservative: None

Storage: 2-8° C (REFRIGERATE, DO NOT FREEZE)

Product Performance Specifications

Test	Result
Appearance	White to off-white lyophilized powder
Form	ized from 0.02 M ammonium bicarbonate, may contain traces of buffe
Contaminants	T4 ANS

NOTE:

There are no test methods that can offer complete assurance that infectious agents are absent, so this material should be handled at Biosafety Level 2 (BSL 2) as recommended for any potentially infectious human serum or blood specimen in the CDC/NIH manual "Biosafety in Microbiological and Biomedical Laboratories," 2009.

TESTING:

This material has been tested for HIV 1/2, HIV-1 (NAT), HBsAg, HBV (NAT), HCV, HCV (NAT), and RPR by FDA approved methods and found to be NON-REACTIVE.

CAUTION:

Products are intended for research or manufacturing of non-injectable products only. The safe and responsible handling of the products listed above is the responsibility of the customer. We accept no liability for injury resulting from their use or handling. The customer assumes responsibility for the proper disposal of all materials in accordance with proper Federal and State regulations.

WARRANTY:

Golden West BioSolutions, LLC makes no claim or warranty that this product will perform or is suitable for use in a customer's application. It is the customer's responsibility to evaluate and qualify the product's suitability for the customer's intended use or application. Furthermore, this product is a biological material, and lots may vary so it is the customer's responsibility to determine if an evaluation of each lot is warranted.
